1754 February 25 (Monday). Dr. David Barns, Schoolmaster came and lodg'd here.

This may be an incorrect transcription by Walett, as there is nothing in Shipton's sketch of David Barnes (1732-1811), Harvard 1752, to suggest that he was a doctor or studied medicine. *SHG* 13:189-94. He did receive an S.T.D. from Harvard in 1799.
