

## Hemp

1736 May 14 (Friday). *David* Mending Fence a.m. Sowed Hemp and Flax seed p.m.

1736 August 13 (Friday). N.B. David in my absence had cut and carryed in my Crop of Rie -- and mowed and got up the remainder of the Hay. Mr. Ithamar Bellows helped him one Day -- So that now Haying was over both at home and at the Meadow -- unless a few bottoms to be raked or Such like. David had also pulled my Hemp and bound it up.

1736 September 24 (Friday). David a.m. about the Standard and Crook for the west Gate -- fruitlessly. Then pulled some Seed Hemp -- and drew stones.

1766 July 17 (Thursday). Visit Mr. Quincy, who presents me his newly printed Abstract of Monsieur *Marcandier* on Hemp.
