

## Dr. Mead

1736 October 7 (Thursday). When we returned we rode together as far as Coll. Wards, where he lodged but I proceeded (by Moon Light, but Cold) to Marlborough to Dr. Gotts, in Expectation of Mr. Breck of Springfield and his Sister. N.B. Dr. Mead (who had heretofore lived with Dr. Gott) here. E're Long Mr. Breck and Mrs. H\_\_\_\_\_ Came -- But it was Some time before I Saw Mrs. H\_\_\_\_\_ because of the Company (Neighbours that had occasionally Stepped in) that were with her and with Mrs. Gott. She was very weary and went to Bed early. Mr. *Breck*, the Doctors and I sat up very Late.

1736 October 8 (Friday). Broke fast and Dined at the Doctors. Mr. Breck took leave before Dinner. Coll. *Woods* and Dr. Meads dined with us -- a <very> decent Entertainment.
