

Raking

1726 June 27 (Monday). This Day, for want of all other Help than my little Boy, I rak'd and turn'd my Hay till just before Night. Neighbor Clark sent his Son to assist in making it up.

1726 July 25 (Monday). It was Father Champneys Design to have carryed Mother Home, yet She could not Safely leave her Daughter. My Father made up my Hay. I rak'd myself I suppose an hour. And before noon he went away for home.

1726 August 1 (Monday). I stir'd myself pritty much about my Hay, raking etc.

1736 August 13 (Friday). Church. N.B. David in my absence had cut and carryed in my Crop of Rie -- and mowed and got up the remainder of the Hay. Mr. Ithamar Bellows helped him one Day -- So that now Haying was over both at home and at the Meadow -- unless a few bottoms to be raked or Such like. David had also pulled my Hemp and bound it up.

1738 July 1 (Saturday). Raking and getting in Hay.

1738 July 26 (Wednesday). Our Barley was mow'd and rak'd.

1738 July 31 (Monday). Moss raking in the meadow till Eve and then he went away to go up to Sutton.

1738 August 5 (Saturday). Fair Weather. Moss rak'd and cock'd Some of the Hay at the Meadow and mow'd Some more, But the Meadow very wet.

1738 August 7 (Monday). Early in the morning I rode down to Mr. Bradishes to get James to help me in the Meadow and mett him going there. Both Moss and he rak'd all Day except a little turn of mowing in the Morning. I went to see them and to Mr. Eliezer Rice's and Mr. James Maynard's where I din'd.

1738 August 9 (Wednesday). Eliezer Rice and John Rogers carted Hay from the Meadow. Two Load apiece. Moss Mowing in the Morning and raking and Cocking the rest of the Day. At Night the Carters got in my Rie into the Barn, almost wholly.

1739 June 30 (Saturday). P.M. I rak'd and pol'd Hay. Mrs. [sic] Pomroy assisted me.... At Evening Mr. John Jarvis came. N.B. Mr. John Rogers mowed for me the Square piece next above the Barn.

1739 July 2 (Monday). I went to raking Hay.

1739 July 7 (Saturday). Mr. White and I at our Preparations and my Boys raking Hay but carry'd none in.

1739 July 24 (Tuesday). Mr. Biglo work'd for me, mowing and raking. We had so much to rake that I rak'd with them all the Afternoon.

1739 July 25 (Wednesday). Mr. Biglo work'd for me, mowing and Carting Hay in. I assisted what I could. At Eve Raking, Poling, etc. At night Mr. Biglo went home, asking wages only for the Two last Dayes.

1739 August 13 (Monday). We opened the Hay that had lain through Several Storms last week and rak'd it up, and having no Team to get it in we Cock'd it up.

1740 July 25 (Friday). Mr. Biglo went to the Meadow to mow the North Side of the Brook. Tom mow'd a little in the morning, and afterwards we all made and raked till night. N.B. Disappointed by Neighbor Daniel Warrin, whom I would fain have had for the afternoon although I willingly releas'd him to his own work in the morning.

1740 July 26 (Saturday). Mr. Biglo went again to mow the north side of the Meadow. Tom Rak'd at Home. N.B. Neighbor Daniel Warrin came to work, but I had engag'd help Sufficient, and my Business being near finish'd I let him have his Choice to go or Stay upon which he went home. Mr. Aaron Forbush came between 10 and 11 a.m. with his Team and got in Two Turns of Hay. Mr. Biglo afternoon came and help'd rake and Cock the Hay at Home.

1740 July 31 (Thursday). A Clear good Hay Day. We open'd and Spread what the Storms had Soak'd and recock'd it by the help of Neighbor Daniel Warrin who help'd me from noon till 4 o'Clock p.m. We pol'd in Some leavy Hay from the New Ground on the East Side of the upper Garden. At Night a Thunder Storm. The Two little Boys rak'd yesterday and today at the Meadow what Mr. Biglo mow'd, and Aaron Forbush junior (who went about the middle of the afternoon) cock'd it, about 28 Cocks.

1742 July 30 (Friday). Signs of Rain in a dry Time. Mr. *Biglo* and *Pierce* reaping my Rye and *John Rogers* at the Meadow with Thomas. They brought home one Load but got mired with the next, broke the Axle tree, and therefore left the Load and raked and Cocked the rest.

1744 July 14 (Saturday). Thomas and Rogers and the Boys at Work at the Meadow. Rak'd up all and brought home 2 Load. Have suffer'd myself to be hinder'd very litte by these hurrys.

1746 July 14 (Monday). Considering the Extremity among people on account of the Scarceness of men to Labour I did what I could abroad which yet was but very little for I was soon worry'd. My work was chiefly turning some Hay, and raking up and poling in Barley which lay greatly expos'd to a great storm of Rain which came up suddenly and pour'd down most heavily.

1746 July 16 (Wednesday). Captain Maynard Came and said why he was ruffl'd yesterday -- viz. He had another Warrant (or Order) to press 4 more men -- and he believ'd Thomas Winchester must now go. I work'd several Hours a.m. in turning, opening and raking Hay.

1746 August 8 (Friday). The fairest Day that has been a great while. Ebenezer and Thomme rak'd in the low Grounds at Home. I gave them a Short Spell in the Afternoon myself. The sun very hot so that I could not stand it long.

1746 August 18 (Monday). The Boys to the Meadow. I rode there myself but they rak'd up but little of the Hay before the Rain prevail'd, and they return'd.

1747 June 3 (Wednesday). Rain a.m. Noah p.m. helping Ebenezer weed. N.B. Mr. David Batherick here again bargain'd to get my Meadow (viz. to mow and rake) for 8£.

1747 July 15 (Wednesday). Ebenezer and Thomme Carting Hay from the Meadow to Day also. Batherick with 2 more Hands mowing the meadow.... Ebenezer and Thomme Two more Load from the Meadow. I rak'd and tended Hay some part of the Day as I could bear it.

1747 July 16 (Thursday). My Boys work'd at Home. They Cutt the Barley. A great deal of Hay in Making. P.M. a thunder Storm arose which drew out all Hands of us to work. Bekky and I pol'd in what was round the Barn and near at Hand. The Barley in part rak'd and Cock'd, the rest left in Wind-rows. A part of our Hay we were forc'd to leave spread around. And Neighbour Batherick did not pretend to go to the meadow till the Afternoon, if he went then; So that doubtless the great Quantity of Hay there is wash'd. But the Storm went chiefly to the South. We had not a great deal of Rain. Another Thunder storm in the Evening went mostly South also. This working in the Hay worry'd me not a Little -- But I hope I got over it.

1747 July 17 (Friday). Mr. Dunlop and Mr. Martyn Pratt came to reap Rye for me. P.M. Joseph Grout came to reap also. They got the Southside down and Load in, the other part was Shock'd in the Field. Ebenezer and Thomme are getting the Barley into a Stack, with Joseph Grouts Help. Great likelihood of Thunder storm, but it went over. Mr. Batherick rakes and Cocks the South part of the Meadow.... These Two Days have been extreme Hot, and it seems as if men could not undergo their Labour.

1747 July 18 (Saturday). Assisted what I could in raking Hay. My whole House has lent an Hand before a storm.

1747 August 6 (Thursday). We are so belated in our Haying that after Morning Studys I went to raking Hay with Ebenezer and my little Billy.... N.B. as I was raking (p.m.) came Mr. Jonas Brigham and his wife to have their Relations writ. Mr. Brigham took my Rake whilst I wrote for his wife. Load got in.

1748 June 24 (Friday). Exceeding Hott dry Season. Joseph and Ebenezer mowing and raking.

1748 July 18 (Monday). Mr. Dunlop came and reap'd a.m. and Samuel Burnap so came gratis

and mow'd. Rain part of the Day. They got in one Load of Rye before the Rains. Mr. Dunlop went away p.m. after reaping a while. They all (of 'em) got down the Rie. I visited Mrs. Tomlin and Neighbour How, and at the same time endeavour'd to inform my neighbours of the Design a Number on the Southside have to mow my meadow tomorrow (if it be fair) and therefore I shall need Rakers.

1748 July 21 (Thursday). I rode about for Rakers -- but only Benjamin Whipple (for Mr. Tomlin) went. I went from Mr. Barns (after visiting Mr. Rogers) to Mr. Cooks, Mr. Nurse's, Mr. Pratts, to Mr. James Maynards.

1748 July 22 (Friday). I rode out in the morning as I think it is my Duty, considering my Circumstances, first to Mr. Nurse's for Some shoeing of my Colt then to divers Neighbours to look up Rakers. N.B. Merchant Rice can't go himself, but Sends a Bottle of Rum (nigh a Quart) to encourage them that did. Amos Whitney, Jonathan Devereux (from Captain Maynard) and Mr. Beriah Rice's Son Timothy, together with my Ebenezer rak'd in the Meadow. P.M. there went divers others viz. Mr. Jonas Child and Jonathan Grout and near night Mr. Eliezer Rice lent a Hand.... I had an afternoon of great Labour and worry among my Hay at Home.

1748 July 23 (Saturday). I rose early and went to Captain Bakers to desire him to Cart for me -- Since my Hay was now ready: but (though he went to Stephen Fay's to get his Cattle for it) he could not. I proceeded to Lieutenant Tainters. He agreed to go to Day if Captain Baker went to Day -- but he chose to deferr it till Monday. I had considerable of work in my Hay to do at Home, though it be Such a Day in the Week -- but in providence Mr. Dunlop was passing from Marlborough, and I laid hold on him. Ebenezer and he got in 2 Load of Hay that was at Home -- and then went to the Meadow to rake what was left and to bring home 1 Load of Hay. He did the Latter but omitted the former.

1748 August 2 (Tuesday). After 3 p.m. Noah How and Merodach Devereux mow'd the remainder of my meadow, viz. the North Side of the Brook. At 4 the Same afternoon Captain Maynard who sent Jonathan, a little Hay, about 10 Cocks which I had rak'd into winrow.

1748 August 3 (Wednesday). Neighbour Baverick mow'd the last of my Grass at home, and gave me half the Day. I pay'd him 10 shillings old Tenor for the other half. A.M. I rode to most of the houses as far as Mr. Joseph Knowltons in order to get somebody to rake what was mow'd yesterday at the meadow and, to cart it home. Mr. Knowlton sent two sons to rake this afternoon.

1748 August 4 (Thursday). Mr. Gershom Brigham carted home one Load of the Meadow Hay with my Team. Phinehas Maynard helping him pole and Load -- and Phinehas Maynard with Ebenezers Help got home the last. The Drought very great -- notwithstanding some Sprinkling at Eve. N.B. The Neighbours very kind to Mr. Rogers Since the Loss of his son in mowing, Raking and Carting his Hay both at home and his meadow -- hay in which I much rejoice.

1748 August 5 (Friday). Hezekiah Bellows, about 14 years old, came and gave me a Days work,

raking and Carting at home. Ebenezer mowing the Flax ground over, the Flax coming to nothing nor any of it pulled.

1749 June 26 (Monday). Daniel mow'd and rak'd behind the Barn. Before night he broke off to go to Mr. Ebenezer Rice's. It look'd like Rain but signs go over.

1749 July 7 (Friday). Ebenezer and Thomas plough'd the Barley Stubble, there being much Barley left among the stones which they could not rake.

1752 July 4 (Saturday). Alpheus Newton gave an half Day, mowing at my Island -- and the great likelihood of foul Weather made me conceive it to be my Duty, part of the p.m. to assist my son William in raking. If the rain should come upon that sort of thing, it would be of very little value: but this was the Chief of the English Hay I should have to trust to. And I was fully apprehensive that I should not be able to prepare more than one sermon for the sabbath.

1752 July 10 (Friday). Mr. Samuel Williams with my Mare, and with Billy to lead, plough'd among my Indian Corn: and Mr. Eliezer Rice came with plough, Horse and Boy and plough'd likewise, but there were but few Hoers -- only Mr. Edwards Whipple and his Boy which made me go to Mr. Clafflands and get Robert to help. The Men broke off about 1/2 after 10 a.m. The Boys, viz. Robert Claffland, Moses Sever and my Billy, hoed all Day, but did not finish the work. N.B.
