

Henry Harback

This is the only reference to Henry Harback in Parkman's diary.

1778 March 26 (Thursday). Mr. *Pope* and Lady prosecute their Journey home. *Henry Harback* comes and offers to let himself but asks me sixty pounds Lawful Money for six Months -- an hundred pounds if he should live a Year. Terms too high for me, so that he leaves me. Dr. *Hawes* has some Talk of taking my place to halves.
